"I was attracted to CSVPA because of the incredible support you get here. I am now clearer than ever before about my future career in design. The teachers have really helped me choose the right course and take my studies to the next stage, for example, with my UCAS application and personal statements."

**Destination: Glasgow School of Art – Communication Design**

"I knew I had a passion but I didn't know I had the talent. However with encouragement from these really great teachers I have found my talent! The teachers are very supportive, you get one-on-one time with them and they care about you which is not always the case at other schools."
