At CSVPA we provide a unique, inspiring and highly personalised learning environment in which to nurture, educate and encourage creative individuals.

Regardless as to whether we are helping students progress on to a top ranking creative arts university or whether we are getting them ready for their career in industry, every student is supported through a hands-on approach, extensive contact time with lecturers and all the materials and equipment needed to ensure they meet their full potential.

At CSVPA our students not only get more, they become more.

AWARDED BY **ual:** awarding body

When students join CSVPA, quite often they have already decided which university they want to progress onto. This is usually based on university rankings, reputation, location or image of the university rather than the best university for their specialist area. There are so many different art and design degree courses available it is not as simple as looking at an art and design rankings league table.

At CSVPA we make sure our students make the right choices when making their university applications. The support network we provide and the opportunities we give them to identify the right university and degree course to apply to, helps to give them the best start in their career in the creative industries.

How we support your progression to university

DEDICATED UCAS OFFICER

Our students benefit from a dedicated University Application Officer who will sit down, one-on-one with students and help them understand the UCAS process and feel more confident about filling in their forms.

EXPERIENCED LECTURERS

Many of our lecturers are all experienced designers bringing a wealth of industry knowledge, giving advice on the best universities for their subject area.

ENGLISH LANGUAGE SUPPORT

Improving your English skills is an essential part of your stay at CSVPA. Getting the right IELTS score for university entry is crucial and helping you achieve this is a fundamental part of what we do. We not only help prepare you for your IELTS exams, we are able to provide bespoke support with the written elements of your coursework, as well as developing presentation skills, writing personal statements and interview preparation.

DESIGN YOUR FUTURE

Every year we take students to UCAS Design Your Future. This event gives students the unique opportunity to talk to representatives from over 100 creative arts universities and colleges to help them prepare for applying to university.

UCAS

UNIVERSITY VISITS

Over the course of the year, universities visit CSVPA to give students more information about the courses they offer and what it is like to be a student there. We also organise visits to universities so students can experience first-hand what it would be like to be a student there.

DEDICATED PREPARATION FOR APPLYING TO UNIVERSITY OF THE ARTS LONDON

CSVPA has an excellent connection with the UAL Partnership and Liaison team, allowing us to better prepare our students for their applications to UAL and the interview process students go through when applying to them. Students will be provided with pre-application support activities including:

- Guidance on higher education, living in London, finances
- Courses available at UAL, how to prepare your application and portfolio
- Portfolio advisory sessions to give feedback on the individual student portfolio before submitting them to UAL.

“What I love about my course is the artistic freedom. At CSVPA I’ve learned so many new things like moulding, casting and dark room photography – which is something I’ve never experienced before.”

“CSVPA is a great opportunity for students who really want to pursue art and design at university. The first year has allowed me to explore many different types of art, so I would really get to know what specialism I would like to pursue in university.”

“CSVPA has helped prepare me for my drama school auditions...with one-to-one audition classes, checked my self-tapes and taught me how to film my taped auditions...That was really helpful to me and they really support me.”

K, from South Korea
Drama Foundation student

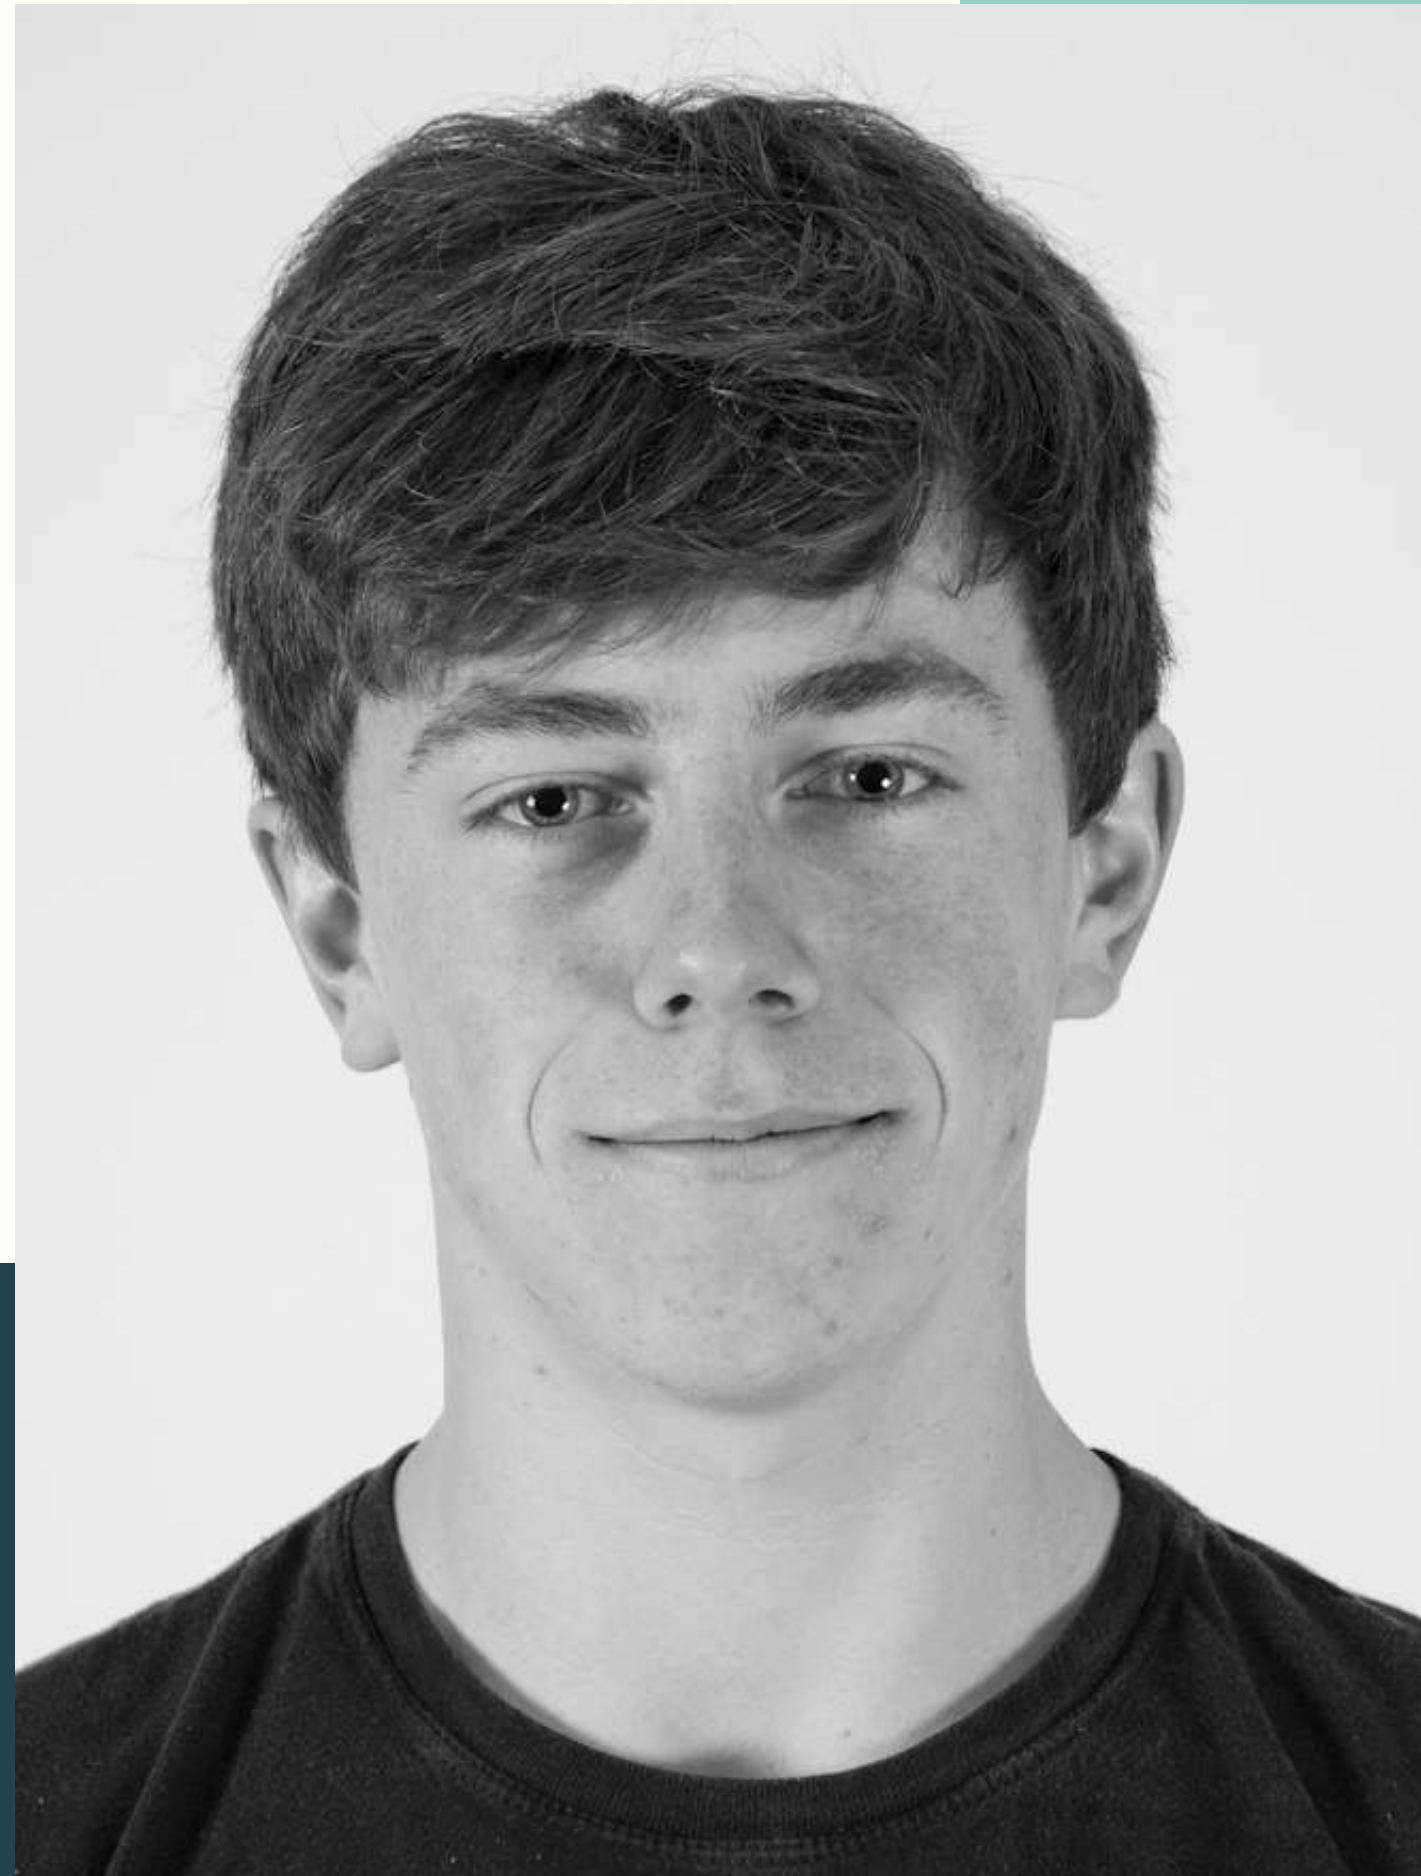

*K is progressing to Royal Central School of Speech and Drama.
He also received offers from East 15, Manchester School of
Theatre at MMU and Rose Bruford*

“We have all improved enormously since the beginning of the course because we are now willing to throw ourselves in and we are less self-conscious. We have been taught: “don’t think, just do!” If you want to be an actor, I could not think of a better place to go than CSVPA.”

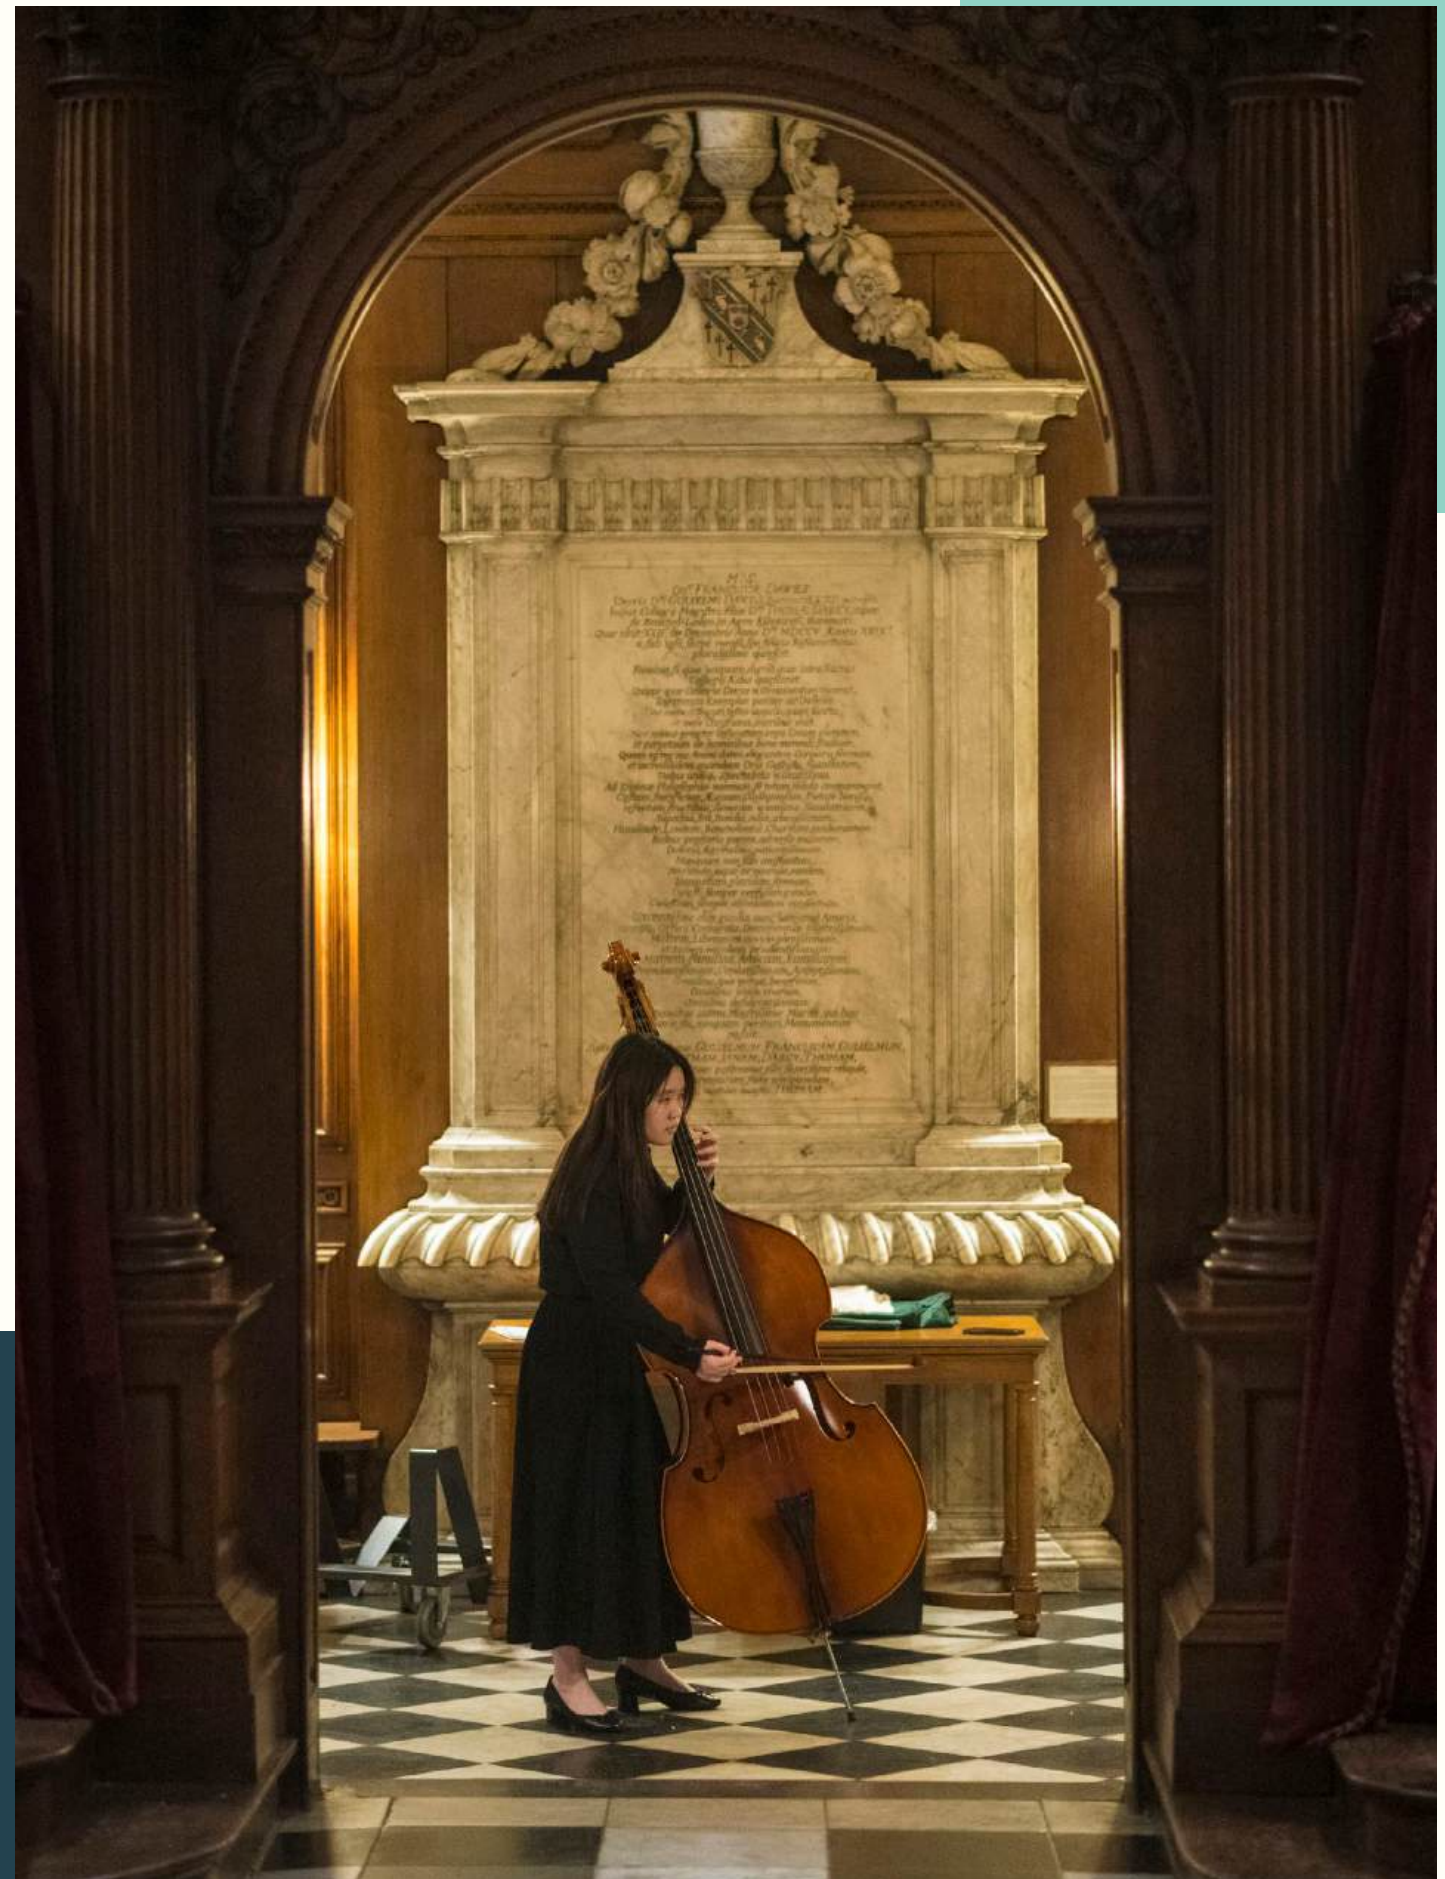

Tom

Drama Foundation student

*Tom went on to star in the hit Netflix series *The Crown* opposite Academy Award winner Olivia Colman*

“From where I started, I would not have imagined myself doing the art I am doing now. It is mostly because we have been pushed to challenge ourselves with our art style, what we think, how we work. I think it is also to do with the close one-to-ones and how much you get back from the tutors.”
